An elegant, round-shaped spa.

The Boa's round shape and croc-effect layer give it a luxury outlook and provide a better protection. Suitable for 5 to 6 persons, the Boa is equipped with the Netspa motor unit, which heats, filters and diffuses relaxing bubbles, making it perfectly suitable for most domestic use.

Thanks to its 100% safe differential power socket, the spa provides optimal protection against electric shocks and its lockable cover means it can be thermally insulated and inaccessible to children if ever adults were absent.
