

**V-Type**

Combining decades of experience with advanced measurement and analysis the V-Type has been built using a carefully balanced 'recipe' of old and new design techniques. It produces a heady exciting modern vintage sound that just makes you want to keep on playing: a guitar speaker that delivers authentic Celestion tone whatever your style. The V-type is a sweet sounding speaker with a superbly balanced tonal signature that imparts a vintage musicality to your tone. Clean sounds are true across the lows mids and highs with just enough upper-mid chime and HF sparkle to add clarity and definition. Crank it up for a sizzling overdrive and raw rock tones with plenty of mid-band warmth to give body and substance to lead note playing
