Open Staircase Type “Kiara”

- Stylish modular open staircase with innovative adjustable tread rise and going.
- Available as a straight flight staircase or as L-shaped and U-shaped configurations.
- Standard staircase fits floor-to-floor height between 2210-3055mm (see table below for other floor heights).
- 20 different L-shaped layouts and 56 different U-shaped layouts can be created from the standard modular staircase kits.
- Solid beech (40mm) treads and handrail for strength and durability with hard-wearing natural beech or walnut varnish.
- The balusters are made from steel tube, they are powder coated and coloured either white, grey or black.
- Staircase total width 920mm includes one handrail.
- Riser bars are recommended where the staircase may be used by a child under 5.
- We also recommend customers consult their building control office prior to installing any staircase to check that it fully meets their requirements.
- A complete easy to follow installation guide is provided.
- Please call or email for design and/or configuration assistance.

Rises and Treads

- The standard staircase fits a floor-to-floor total height of 2210-3055mm with 13 rises and 12 treads.
- The rise can be adjusted between 170-235mm.
- The going can be adjusted between 220-260mm.
